# LIVING A LEGENDARY

# LIFE

David Baker's legendary career covers business, politics, and sports. He retired in 2021 as the President of the Pro Football Hall of Fame in Canton, OH. While President, he promoted its mission and values and helped develop the initial vision to build the Hall of Fame Village as a "Disney World for Football". He also enhanced the announcement of the annual Enshrinees with his famous "Knock on the Door". Standing at 6'9", David served as an imposing and welcomed sight to many NFL players and executives.

His career highlights also include helping to bring to Canton the Black College Football Hall of Fame and in the development of the downtown Centennial Plaza. He is also the past Commissioner for the Arena Football League for 12 years, former Mayor and Councilman for Irvine (CA), and other business ventures.

Today he serves as President and CEO of Legendary Living, yet he is still quick to mention that his internal drive comes from beyond himself as he serves in the marketplace and at home to his wife, four children, ten grandchildren, and a great grandson. Come hear his authentic story with highs and lows in pursuit of a true legendary life.
